

The Gift of a Lifetime

Notifying us that you intend to leave a gift in your Will to Smile International is not only a huge encouragement to us, both in the UK and overseas, but also extremely helpful as it will allow us to plan for the future and also have the opportunity to thank you now.

Our work in reaching out to help individuals, families and communities in the developing world through our aid and long-term development projects is only possible as a result of the support of our kind supporters, like you.

Leaving a gift to Smile in your Will "for our general work" will mean that Smile can use your donation where the need is greatest at the time of receiving your gift, which could be in years to come depending on when the Will was made. Restricting a donation to a specific project could cause us difficulties, especially if we have already completed that project by the time your donation is received by us, so we may not be able to receive your gift. Should you wish to leave a gift to a particular area of Smile's work, you might like to include the words "but without imposing a binding obligation" to safeguard your donation and our work.

Please note, this form is confidential to Smile International and is no way legally binding.

Please complete in **BLOCK CAPITALS** and delete where necessary. Thank you.
